36 The Mysore Planters' Association, it is reported, has been registered under the Mysore Societies' Registration Regulation and has 52 members on its rolls.

37 It is admitted that the Bababudan Planters' Association, South Mysore Planters' Association & the North Mysore Association formed the European Planting Interest with a membership of 4000 to 645 and the Mysore Planters' Association which is practically the amalgamation of all the three previous existing associations contains a membership of only 52.

43 One of the Special Interests
 to be represented in the Rep. Assembly
 is the European Planting Interest.
 When the Assembly was reconstituted,
 a member to represent this interest
 was returned by the North Mysore,
 South Mysore & Bababudon Planting
 Associations, which were recognised
 for the purpose. Before the term
 of the member returned had expired,
 the Associations which elected
 him have practically ceased
 to exist. Two have gone into
 liquidation & the third has
 changed its name & has amalgamated
 the other two. There is only
 one Association now styled "The
 European Planters' Association".

44 These changes were
 reported without error rule (f)

laid down for recognition of Associations. The Association satisfies all conditions except that of the strength of the membership which is less than 100, but which can be relaxed, as was done in the case of some other Associations - e.g., K.G.F. Mining Board.

45- Whether the Association is to be recognised is for orders. As this is practically the only body which can at present represent European Planting Interest, the Association may perhaps be recognised.

46- Incidentally another question of importance arises in this connection. The Older Associations elected a member - Mr. St John Hunt - to represent the special interest in the Rep-Assembly. His term is not yet over. Whether this change in the Associations affects the member is a point for consideration. In the earlier portion of the notes, it appears to be assumed that he ceases to be a member and that the new Association has to elect a member. Attention is, however, invited to the fact

N.B - Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

that the member already elected represents the European Planting Interest, and not the Associations which elected him. It is admitted that the member continues to represent the interest, though the electors & the constituency may change, till his term is over. The case is similar to representatives of municipalities & Mohammedan interest and the like. Any change in the constitution of the municipalities or the associations which elected a Mohammedan representative will not affect the representative. When the next elections come on the new Association, if recognised, can exercise the right to elect. But during that period, the position of Mr. John Hunt, does not seem to be affected.

47 There is one rule, however, which seems to suggest that the privilege of representation is given to an Association. If this is the true intention, when the Association ceases

A.B.—Should routine notes be written on small slips.

the notes must be copied, or slips pasted on

the member ^{this form} also goes. It is said that this is not the intention, in the case of special interests. Associations are the *via media* — the electors, rather than interests to be represented as such.

2. Points for orders are:—

R.A59-27-1.

Sir,

THE
In accordance with a rule in connection with the Reforms to the effect that recognised Associations must advise Government of any changes in constitution, I have the honour to bring to your notice the following changes in constitution of the South Mysore Planters' Association.

At a meeting of the South Mysore, North Mysore and Bababudin Planters' Associations held in Chikmagalur on 21st February 1924 it was resolved that these Associations should amalgamate.

At the same meeting the North Mysore and Bababudin Association resolved to go into voluntary liquidation on March 31st 1924.

Also the South Mysore Association resolved that the name of the South Mysore Planters' Association should be altered to "The Mysore Planters' Association."

After these resolutions had been carried the Memorandum and Articles of the South Mysore Planters' Association were then taken up one by one and amended.

I therefore ask you to kindly note the change of name of the South Mysore Planters' Association to "The Mysore Planters' Association" and I enclose for your information a copy of the Amended Memorandum and Articles of Association.

I have the honour to be,

Sir,

Your most obedient servant,
